## EXPERIENTIAL SITE VISIT- North Kansas City Schools

### Expected Outcomes:

- Learn how North Kansas City has committed to a college and career pathways approach from the top down through the system and accelerated the effort District wide
- Experience how students, teachers and site administrators use Linked Learning as a strategy for improving student achievement;
- Evidence the power of a Graduate Profile to drive a shift in learning and teaching;
- Learn how site and district leaders align resources and build coherence;
- Network with colleagues from other districts to stimulate dialog, creativity, and strategies for addressing problems of practice; and
- Reflect on your learning while working with your district colleagues to determine next steps

## Visits to School Sites [Click for full descriptions](#)

You will have your choice of two visits, one on the morning of March 5, and one on the morning of March 6

### March 5-6:

1. [North Kansas City High School - College and Career Pathways](#)
2. [Oak Park High School - College and Career Pathways](#)
3. [Staley High School - College and Career Pathways](#)
4. [Winnetonka High School - College and Career Pathways](#)

**March 6:** In addition to the four site above, you also have your choice of :

5. Future Ready Lab at the [Northland Innovation Center](#) a Lab for younger students can learn about STEAM careers, be hands on in a specialized lab, and help them make informed choices about their high school pathway.

## Deep Dive Sessions

After doing learning rounds of each of the topics below on March 5, you will have your choice of two sessions on the afternoon of March 6.

1. A Day in the Life of a College & Career Facilitator
2. Developing a System of Work-based Learning
3. Establishing District Systems of Support
4. Master Schedule Do's & Don'ts
5. High Quality Pathways Learning and Teaching
6. College & Career Pathways Communication 101

## Team Time Reflection and Action Planning

- We encourage you come as a team and take advantage of the team time provided each day to reflect on what you have seen
- Develop an action plan to take back and share with others
